

MUTHU KRISHNAN V

Front End Developer

+91-8438160721 krishnan.kumaran92@gmail.com Bangalore

PROFESSIONAL SUMMARY

Results-driven Front-End Developer with 6+ years of experience designing, developing, and optimizing web applications. Proficient in **ReactJS, Redux, JavaScript, HTML, CSS, and modern frameworks**. Adept at collaborating with cross-functional teams, leading projects, and implementing performance optimizations to enhance user experience. Passionate about continuous learning and staying updated with emerging technologies.

EXPERIENCE

Senior Front End Developer

Tech Mahindra

03/2023 - Present Bangalore

IT Services and Consulting

- Led a **team of 6 developers** and managed multiple front-end projects
- Spearheaded analysis, design, development, and testing of web applications.
- Implemented **performance optimization techniques**, reducing page load time and improving UX.
- Conducted **code reviews** to maintain coding standards, performance benchmarks, and security best practices.
- Integrated a Content Delivery Network (CDN) to distribute static assets, minimizing latency for global users and improving the website's accessibility. The tool is now used by 1500+ daily users.
- Developed reusable React components and optimized existing web applications for scalability.

Front End Developer

BORN Group

09/2019 - 02/2023 Bangalore

E-commerce solutions and services

- Developed and maintained **Magento-based** e-commerce platforms, boosting online sales.
- Optimized checkout processes, leading to increased conversions and **enhanced UI/UX**.
- Revamped web application security applications
- Collaborated with back-end developers to create **seamless information architectures**.
- Debugged and enhanced website performance, improving loading speed and security.

UI Developer

Social DNA Labs

07/2018 - 09/2019 Bangalore

Web application development services

- Developed **cross-browser-compatible** web applications with modern UI frameworks.
- Performed complete application life cycle functions from conception to final release including Design/Analysis, Implementation, Testing, Deployment and Maintenance
- Used JSON for data exchange between client and server
- Worked with CSS Preprocessing platforms SASS
- Integrated REST APIs and **optimized JSON data exchange** for improved application performance.
- Utilized **SASS, NPM, and Grunt** for efficient styling and task automation.
